

CRISIS COMES

Terrible Uprising Seems Inevitable.

WORKINGMEN AGITATED

May First Set as the Day for a General Uprising Throughout Russia.

APPEALS FOR PROTECTION

The Russian Government is Doing Nothing to Meet the Threatening Situation and Revolutionists and Peasants Are Gathering Force.

St. Petersburg, April 14.—Developments all point to a crisis in the present agitation among the workmen of the cities and the peasants in the country on May day, and appeals are pouring in from all quarters of Russia for military protection. The St. Petersburg workmen are preparing a great demonstration. Arms and bombs in large quantities have been smuggled in, and bloodshed on a large scale is feared. Wealthy persons, who ordinarily go to villas on the islands of the Neva or to neighboring country places, this year are going abroad. The government has taken few special measures to meet the situation, evidently relying on the troops and police to guard the capital. The latter are extremely active. All the prominent agitators are being arrested or have already been sent back to the villages from which they originally came. The prisons are filled to overflowing.

There have been fresh disputes between the workmen and the managers of the Putiloff, Baltic and Nevsk works, and between the employees and the management of the government cartridge factory. At the latter place the men refuse to continue to donate any portion of their pay to assist in the support of families of the soldiers at the front, claiming that the money is used to prosecute the war, to which they are opposed.

The news received from the interior is alarming, especially from the Baltic provinces, where the entire population is in a state of intense excitement. The cities are being flooded with revolutionary proclamations, calling on the people to rise on May day. The criminal classes are taking advantage of the situation to pillage and plunder, while in the country the landlords are powerless to cope with the peasants, and are demanding the stationing of troops at every station.

From Dunaburg, government of Vittebck, comes reports that the Jews are in a state of panic over the circulation of proclamations similar to those which preceded the outbreaks at Kishinef and Gomel.

At Eternoslav, three revolutionists, who were surrounded by police, fought their way to liberty, killing or wounding several of the latter.

A dispatch from Kars says that the employees of the Trans-Caucasian railroad are on strike, and that 100 miles of the track has been damaged.

RIOT IN CHICAGO.

Non-Union Men Attacked by Union Teamsters.

Chicago, April 14.—A fight between the union and non-union men which almost attained the magnitude of a riot took place tonight at State and Van Buren streets, over a crowd of union men attacking four non-union men who were leaving a restaurant. The non-union men fought desperately, were compelled to run. All sustained severe wounds and James F. Galley, one of the attacking party, was stabbed in the arm.

James Maloney, a teamster, who had delivered a load of merchandise to Montgomery & Ward Company tonight was dragged by several strikers into an alley at Jackson boulevard and

State street and beaten into insensibility.

After a whole day and part of the night spent in conference with both sides in the Montgomery & Ward Co. strike, Mayor Dunne late tonight announced that he had made no progress toward a settlement of the trouble and he did not seem hopeful of an adjustment in the near future.

CASSIE IN COURT.

Pleaded Not Guilty to An Indictment Returned.

Cleveland, April 14.—Mrs. Chadwick, when arraigned in the United States court today pleaded not guilty to a new indictment recently returned against her by the grand jury charging her with aiding and abetting Cashier Spear of the Oberlin bank in making false entries in the bank books and in making untrue statements to controller of the currency. Spear was also arraigned today and pleaded not guilty to the joint indictment. The court increased Mrs. Chadwick's bail from \$20,000 to \$27,000.

FAREWELL CHOATE.

Lord Chancellor Salisbury Pays Tribute to Choate.

London, April 14.—Farewell! Rejoice! He goes back to his home with his duty well and nobly done, taking universal respect and admiration of kindred and nation as its own.

Thus concluded Lord Chancellor Salisbury's tribute at parting with American Ambassador Choate, who recently distinguished himself by the election as a member of the Middle temple, and who tonight was honored by the greatest gathering of bench and bar in the history of the Inns court.

COURSE IS CHANGED

Russian Squadron Believed to Have Turned Eastward.

SUPPOSED TO BE AT ANCHOR

Reports of a Battle Denied, as Neither the Russians or Japanese Squadrons Have Come Close Together and Whereabouts Still Unknown.

Berlin, April 14.—The reports of a naval engagement between the Russian and Japanese fleets is denied. The report that a hospital ship had put into port with wounded men is not true. She put into port, but only came after supplies.

Admiral Rojestvensky's squadron is believed by the intelligence division of the German navy department to be lying off the Ceylon islands 80 miles south of Mindoro, Philippine islands, reconaling and preparing for the last stage of its long voyage. Although these islands belong to the United States, they have fine anchorage outside the three mile limit with a hard bottom at from 20 to 25 fathoms.

The German navy department received a telegram today from one of the East India ports, in indication that the Russians, when off the southern end of Cochin China, April 11, changed their course and headed in a direction which would bring them to Ceylon islands in the northern part of the Zulu sea. Three cruisers, it was added, had been detached, presumably for a diversion on the coast of Japan, probably in the hopes of calling off Admiral Togo in pursuit.

London, April 14.—Nothing throwing light on the movements of Admiral Rojestvensky's fleet or Togo's fleet has been received here today, but according to a statement made by one of the doctors of the Russian hospital ship Orel at Saigon, the ships of the Baltic squadron are going to Vladivostok O. K. The opinion in London is that the admiral has changed his course, possibly to the eastward as otherwise it is considered certain that the fleet would be reported by steamers.

A Daily Telegram's Tokio correspondent says:

Owing to military necessities the residents of Vladivostok are suffering great privations. Five submarine boats arrived at Vladivostok from America. The cruisers Gromobol and Rossia are kept in constant readiness to leave port.

PEOPLE FLEE

Terrible Disease Prevalent at Tonopah.

NUMBER OF DEATHS

Peculiar Disease Invades the Gold Fields Killing People By Score.

QUARANTINE IS ESTABLISHED

Trains Coming Into Reno Bring Hundreds of People, Fleeing from the Tonopah Gold Fields, Where Mysterious Disease Is Said to Be Prevalent.

Reno, April 14.—Trains are coming into Reno several times a day bringing hundreds of people who are fleeing from the Tonopah gold fields, where a mysterious disease is prevalent. Every train for the past week has been crowded and every hotel and house in Reno is crowded with people, and the people are becoming scared that the disease will spread to this city. Governor Sparks will appoint a special medical commission to investigate the conditions at Tonopah. Deaths averaging from five to 25 a day are being recorded. The disease strikes a person without warning, the victims dying from 12 to 24 hours after being attacked. The disease is the most peculiar and virulent and even the local doctors do not understand its cause or how to handle it. The bodies are blackened by a mysterious poison that saps the life away. A quarantine will probably be declared within 24 hours and drastic measures taken to prevent the spread of the disease. Hundreds of people are leaving and at the present rate there will not be one hundred people in the district within a week. Nearby cities and towns are becoming alarmed and fear it will spread and create havoc in all of the mining camps.

JOSEPH JEFFERSON ILL.

Visited Ex-President Cleveland and Caught Cold.

West Palm Beach, Fla., April 14.—Joseph Jefferson lies critically ill at his winter residence at Palm Beach. He is surrounded by his family and they are prepared to expect death at any moment.

Three weeks ago Jefferson visited ex-President Cleveland at Hobe Sound, where he caught cold and on his return to Palm Beach was forced to take to his bed. He afterwards convalesced and was up for a few days. Monday he was seized with a relapse.

THE MIGHTY FALLEN.

Serious Illness of a Former Prominent Wall Streeter.

New York, April 14.—Frank A. Magowan, once a power in the financial and political circles of New Jersey, who was thrown from his high position by a series of family and business scandals, is dangerously ill at St. Francis hospital, of Trenton, of which city he formerly was mayor. Dispatches from the New Jersey capital say his condition was brought about by exposure and lack of proper nourishment. Little has been seen recently of Magowan who carefully kept out of the sight of his old friends. He was picked up in the streets, where he had fainted, and conveyed to the hospital.

AUTOMOBILE COLLISION.

Seven Persons Injured at Butte in a Collision.

Butte, April 14.—Seven persons were injured tonight in a collision between a motor car belonging to F. Augustus Helms and a buggy containing Thos. Roe and Miss Nellie LaCombe. In the automobile were Mr. Helms, Al Franks a mining engineer; Judge T. C. Bach and M. J. Gunn of Helena. A. E. Hook was chauffeur. All the persons were

painfully injured but none will die.

The accident occurred on the boulevard about six miles south of Butte. While going at the rate of 30 miles an hour the automobile crashed into the vehicle driven by Roe, hurling the occupants a distance of nearly 20 feet. The motor car turned completely over, but fortunately the persons riding in the car were thrown clear of the wreck.

Judge Bach of Helena suffered a broken rib and was badly cut about the face. Roe had a dislocated shoulder and injured in the foot. Hook, the chauffeur badly bruised about the body and may be injured internally. Other members of the party escaped with slight bruises and scalp wounds.

AFTER HOOKER'S SCALP.

New York Bar Association Censure Warren B. Hooker.

Albany, N. Y., April 14.—In vehement and scathing terms the alleged acts of former Congressman Warren B. Hooker of Fredonia, now justice of the supreme court, in connection with appointments, rental matters and certain litigation affecting postoffices at Fredonia and Dunkirk, Chautauqua county, was characterized before assembly judiciary committee today by Frank W. Stevens, representing especially the Jamestown Bar Association, but speaking as counsel for all bar associations which have participated in the investigation of the conduct of Justice Hooker. Mr. Stevens' argument began yesterday and occupied the entire day today.

The committee adjourned today until next Wednesday, when arguments for Justice Hooker will be resumed.

JAPANESE VICTORY

Russians Defeated in Manchuria After Sharp Fight.

SUCCESSFUL COSSACK RAID

Main Body of Linievitch's Army Has Arrived at Kurin, But It Is Thought They Will Be Unable to Hold the Position Against the Japs.

Tokio, April 14.—The following official announcement was made today: "Our forces advanced eastward via the Fushun and Hallung railroad and encountered and defeated the Russians on the morning of the 12th at Erhholu, seven miles east of Ying Pan. The enemy's strength was one company of infantry, six squadrons of cavalry and four guns. Our force then occupied Tsangshih, about 20 miles east of Ying Pan. The enemy is retreating toward Hallung, fighting at every step.

The enemy on the Kirin road has gradually retreated since the 11th, a portion of this force still remaining to bar the passage to Yushu river. No change has occurred in the Changtu or Pakkemin districts excepting occasionally cavalry skirmishes.

FIRE IN NEW YORK.

Six-Story Building in Hebrew Settlement Destroyed.

New York, April 14.—Only about \$25,000 loss was caused by fire early today which destroyed a six-story building at 129 Hester street in the rear of a Hebrew settlement on the east side. Only the front walls were left standing.

Early reports were to the effect that scores of persons were in the building but those proved untrue. There was no one on the premises except the watchmen, one of whom was burned slightly about the head. Two spectators also sustained slight injuries. The building was filled with sweat-shops.

A tenement adjoining was damaged on the upper floors.

Policemen routed about 150 persons from their beds and drove them to the streets, but no one was hurt.

Owing to the recent disastrous tenement fire in Allen street, the blaze this morning caused intense excitement among the dwellers in Hester street. The police experienced great difficulty in driving back a dense crowd, every member of which insisted on rushing to the rescue of relatives within the fire lines.

TOP OF PEAK

President Roosevelt Entertained in Colorado.

SNOW WILL INTERFERE

Snow Has Fallen Every Day During the Past Week in Colorado.

PRESENT FROM THE LADIES

Will Be Taken to the Top of Pike's Peak and Politicians Will Say, "All of These Things Will I Give Thee If Thou Will Fall Down and Worship."

Colorado Springs, Col., April 14.—Upon the return of President Roosevelt to this city from his hunting trip about the middle of May he will be waited upon by the members of the Pike's peak press club of this city and presented with one of the club's handsome gold badges as a souvenir of his visit. At the monthly meeting of the club the president was elected an honorary member and the badge voted to him. The badge will be made out of pure Cripple Creek gold.

It is also planned to take the president to the summit of Pike's peak on the cog road and an extra effort will be made to have the president there when he returns.

New Castle, Col., April 14.—With the snow two feet deep in every direction from the camp, and from three to five feet deep in the hills, with the snowstorms still continuing, it is possible that President Roosevelt will be compelled to delay his hunt here or content himself with smaller game than the grizzlies he has planned to kill. For a week now the snow has fallen day after day. Not 24 hours have passed without its storming. All that prevents the roads and trails from being impassable is the warm weather that has intervened and to a great extent melted the snow.

P. B. Wells, a Meeker hunter, who is one of the party, has just arrived here. It took him nearly five hours to make the 20 miles ride from Camp Roosevelt and his horse was worn to exhaustion when he reached here.

"The weather is at least three weeks behind the normal," he said. "There has been an unusual amount of snow there this winter but not in ten years have I seen the conditions so bad as this season."

According to Wells the camp is now in perfect shape. It has been practically decided to track the game with dogs and to follow with horses. This is considered one of the most dangerous sports and the bad condition of the ground makes it doubly dangerous now.

A full grown grizzly can easily race away from a horse, and the dogs can almost equal the speed.

Hunters here point out that to hunt from horses at a dead gallop must be kept up all of the time to close in with the quarry, and that this speed must be maintained over gullies and through gulches, around rocks, over broken logs, through thickets and brush and down mountain sides, and they pessimistically add, some one is sure to be hurt.

Now that the reception to President Roosevelt and the parade is assured, the women of New Castle have decided to do their share.

As soon as the president alights from the train a committee from the women's reading club will surround him and will escort him to the club rooms, where on behalf of the women folk of Garfield county he will be presented with a household article for the use of Miss Alice Roosevelt. The article itself is a work of art, which took over a year to complete. All the straps, including the reins, are made of pure white horse hair and the buckles are of solid silver.

Trinidad, April 14.—Seven thousand

people, including 2000 school children, each waving small flags, greeted the president here this afternoon. A number of Rough Riders and other veterans acted as guard of honor. The president was introduced by Mayor Brown as "The greatest president in the world. The president talked five minutes on irrigation. The pulling out of the train interrupted his speech. As the train moved the crowd climbed on the car and he shook hands with as many as possible.

Pueblo, April 14.—Five thousand Pueblo citizens greeted President Roosevelt on his arrival at the union depot at 5:45 this afternoon. The president made a brief speech and was interrupted by the presentation of a "big stick," the gift of the school children. After a five-minute stop the train pulled out for Colorado Springs.

Colorado Springs, April 14.—Fully 10,000 people assembled at the Santa Fe depot tonight to welcome President Roosevelt.

Promptly at 7:30 o'clock the presidential special train pulled into the depot. Wild cheering greeted the president as he stepped out upon the platform of the car. President Roosevelt delivered a succinct address. He expressed his wish that the newspapers do not follow him into the country where he is to hunt with his party.

She Isn't Crazy.

Burlington, April 14.—There is no truth in the report circulated today that Mrs. Nettie Craven, who once sued the estate of United States Senator Fair of California for a portion of his estate upon the ground that she was his common law wife, is insane. She is seriously ill, but not insane.

JOHN PAUL JONES

Body of Founder of American Navy Found.

TO BE BROUGHT TO AMERICA

Coffin Containing the Remains Was Taken to Medical School and Positively Identified and Body is in Perfect State of Preservation.

Washington, April 14.—The state department has received a cablegram from Ambassador Porter of Paris today announcing that after years of unceasing search the remains of John Paul Jones, the father of the American navy, had been found and identified. Hundreds of coffins have been examined, but not until Wednesday was the massive casket holding the remains of the admiral located.

The leaden coffin was opened in the presence of General Porter, Colonel Bailey Blanchard and Engineer Wells, who have been directing the excavations. The body is well preserved owing to having been immersed in alcohol. It was wrapped in a sheet packed in straw and hay. Those present were struck with the resemblance the head bore to the medallion and bust of the admiral. The coffin was taken to a medical school where the most minute investigation by experts substantiated the fact that the long lost body of the great admiral had been finally brought to light. The identification was complete in every particular and the remains were in a remarkable state of preservation.

It is probable that recommendations will be made to congress at the next session to Ambassador Porter's reimbursement. The remains will be brought here to be interred in the national cemetery at Arlington. It is likely that the transfer to be made will be the occasion of an interesting demonstration. It is probable that Secretary of the Navy Morton will send the battleship France to bring the body home.

Bowling Contest.

Salt Lake, April 14.—The Salt Lake team was the victor in a five cornered telegraphic bowling watch with Seattle, Portland, Spokane, Butte and Salt Lake. Each team played at home, the scores being interchanged by wire at the close of each game. The total score is as follows: Salt Lake 3115, Butte 2718, Seattle 2947, Spokane 2504, Portland 2706.
